**Job Opportunities:
Physiotherapist**

Locations: Victoria
www.neuromotion.ca

Our Vision

Individuals impacted by neurological conditions are cared for in a supportive, inclusive, empowering setting and can access a knowledgeable and specialized multidisciplinary rehabilitation team.

Values

Compassionate | Knowledgeable | Honest | Dedicated | Team Driven

Neuromotion is growing. We are seeking 2 physiotherapists in our Victoria location. Join us in a community that offers an abundance of parks, outdoor activities, arts, culture, excellent pubs, magnificent restaurants, museums, universities, and a beautiful climate.

Position Summary:

Neuromotion clinicians work collaboratively with people of all ages and abilities who experience challenges or obstacles to participation. They create and execute treatment plans in conjunction with the multi-disciplinary Neuromotion clinician team to provide superior care for clients and enable them to live their best life.

Who we are.

Neuromotion is a neurological rehabilitation organization that is uniquely positioned to treat people with neurological impairments. We have locations in Surrey, Victoria, and Vancouver. Our goal is to provide the BEST rehabilitation experience possible. We are committed to helping people establish and reach their goals in a caring and challenging way! Serving adults and children, our compassionate and knowledgeable team of 50 strong and growing, has a goal to provide the most rewarding and fun rehabilitation experience for all British Columbians.

Who you are.

You are an individual who cares deeply and wants the best for your clients! You have experience working with individuals with neurological injuries. You are a leader and love to inspire others to learn and others to grow so they can also provide the best treatment for their clients. You are a team player who likes to have fun at work while challenging your clients and team. You are adaptable and open to learning new things and trying new therapies to allow your clients to reach their maximum potential. You are a passionate and proud Clinician who is looking for an opportunity to participate with a team of enthusiastic caring professionals to deliver outstanding rehabilitation to individuals with Neurological Injuries.

What will you focus on?

- **Conducting** clinical initial assessments, consultation, and in-home rehabilitation
- **Encouraging** clients with positive reinforcement to reach their goals
- **Communicating** with the Clinical Lead, team members, clients, employers, referral sources, family members and other counsellors.
- **Creating, Building, and Maintaining** effective connections with your clients **and** team members
- **Ensuring** task specific training, therapeutic handling and direction to the therapy teams pertaining to initial assessment, treatment planning, clients' progress, conflict resolution, stakeholder discussions, problem solving, and discharge planning.
- **Processing** accurate and timely charts based on assessment and team input
- **Mentoring** and orientation to assist other team members to effectively manage clients' cognitive assessment and intervention related to functional goals.
- **Community** navigation assessments
- **Return** to work goals
- **Providing** a calm and sympathetic demeanor in difficult situations.
- **Optimizing and Maximizing** your daily schedule
- **Organizing** other tasks as needed

What do you bring?

- Masters in Physiotherapy
- Professional registration with the applicable college or association
- 2+ years of Professional experience is an asset
- Ability to use creative and structured approaches to assist clients to self-manage
- Ability to write clear and comprehensive reports and other correspondence
- Ability to communicate using different styles and methods to suit individual clients and situations
- Flexibility, Empathy, Positive Energy, A passion to help
- Leadership skills

What we offer you.

- Either Independent contracting or employment, based on clinic requirements
- Health benefits, RRSP options (for employees)
- A positive, rewarding, and collaborative team environment
- A competitive financial offer
- Community involvement
- Opportunities to specialize and participate in leading edge technology research
- A chance to laugh at work and create lasting relationships with both co-workers and clients.
